Action research is conducted in the workplace or community space with others. It is a collaborative process. Doing action research is more effective when action researchers can benefit from the help of a community of action researchers. Volume 13, No. 1, Art. 30 – January 2012 Participatory Research Methods: A Methodological Approach in Motion. Jarg Bergold & Stefan Thomas Definition and Purpose. The essentials of action research design follow a characteristic cycle whereby initially an exploratory stance is adopted, where an understanding of a problem is developed and plans are made for some form of interventionary strategy.
