Differentiated instruction and assessment, also known as differentiated learning or, in education, simply, differentiation, is a framework or philosophy for effective teaching that involves providing all students within their diverse classroom community of learners a range of different avenues for understanding new information (often in the ...ASCD Logo. 1703 North Beauregard St. Alexandria, VA 22311-1714. MISSION: ASCD empowers educators to achieve excellence in learning, teaching, and leading so that every child is healthy, safe, engaged, supported, and challenged. Words are meaningless unless all concerned agree on their specific definitions. Even if there is a general consensus on terms, what those terms actually mean in the real world has a tendency to evolve and morph without warning. Nowhere is this more prevalent than in the field of education. In fact Differentiated instruction strategies can be used to help aid and challenge gifted learners. Oftentimes, classroom teachers feel that when they give the same assignment to all of their students, and receive the same answers, then they don't know what each student really knows about that concept., Differentiated Lessons Every Learner Standards Based.
