

Download Times Tales Times Tables Made Easy

Times Tales® is a innovative mnemonic-based program that makes it fun and easy to memorize the upper multiplication facts. Times Tales® uses simple stories to provide students with a "memory peg", which allows quick and effortless recall of otherwise abstract facts. Our KS1 5 Times Tables primary resources are a fantastic way to get children engaging during their Maths lessons. These resources will help support teachers and allow them to see good progress being made by their pupils throughout the curriculum. These 2 Times Tables primary resources for KS1 learners are perfect for supporting teachers and their lessons. Within the resources below you will be able to find many different worksheets for Year 1 and Year 2 Children such as the 2 Times Table Jungle Race and the KS1 Winter Olympics Multiplication Mosaic. News and opinion from The Times & The Sunday Times, Times Tales Times Tables Made Easy.
