We provide water to keep you healthy and clean waste water to protect your environment. We're a not-for-profit water company which serves 3 million customers in Wales and parts of England every day. This document contains the following information: Report of the Director General of Water Services from the period 1 August 1989 to 31 March 1990 to the Secretaries of State for the Environment ... Framed in feminist political ecology, this paper presents an intersectional analysis of the gender-water-tourism nexus. Based in an emergent tourism destination, Labuan Bajo, Indonesia, it goes beyond an analysis of how women bear the brunt of burdens related to water scarcity, and examines which women and why and how it affects their daily lives. For agriculture, which accounts for around 70% of global water consumption, compared with industry's 20% and the residential commercial sector's 10%, some degree of intersectoral competition for scarce water resources could be entertained, as long as there was an end to subsidies and to public-led programmes to extend irrigation, except in special cases., Water Worries (government Local).
